

NIGERIAN-BELGIAN COMMERCIAL, INFORMATION AND DOCUMENTATION CENTRE

NIGERIAN-BELGIAN CHAMBER OF COMMERCE

Introduction

The Nigerian-Belgian Commercial Information and Documentation Center (NBCIDC) is a non-profit organization with the objective of promoting business between Nigeria and Belgium. The main task of the center is to provide businesspeople in both countries with the information and contacts that they require to make their business decisions.

In 2009, the NBCIDC merged with the Nigerian-Belgian Chamber of Commerce (NBCC), resulting in a more efficient and bigger network for its members. In 2016, the NBCC became the leading partner of Enterprise Europe Network Nigeria, paving way for European investors to partner with Nigerian businesspeople thereby creating a platform for easy market entry.

Through many activities and services, the center regularly receives and processes requests for information and contacts from reputable Nigerian companies and organizations. Next to this, members are systematically informed about the situation of their sector, the Nigerian economy and trade fairs.
